McHenry County is located on the northern border of Illinois, with a population of 308,760 (2010 U.S. Census). McHenry County is home to persons identifying themselves as White (90.1%), Black (1.1%), or Hispanic/Latino (11.4%). According to the U.S. Census, 6.6% of residents live at or below the federal poverty level (FPL), compared to the state rate of 13.3%.

McHenry County was the first Illinois county to join the United States Green Building Council (USGBC) in 2007. The county has dedicated parts of the county Web site to “going green,” including information on items such as pet and environmentally friendly scrubs for pet baths and water powered clocks.

Children under the age of 5 years constitute approximately 7% of the population of McHenry County. Early care and education in the county are provided by Head Start, Preschool for All (PFA), and child care settings (including licensed child care centers, licensed family child care homes, and license-exempt child care centers or homes).

The Illinois Early Intervention Program (funded by IDHS) provides services in the home to children with disabilities, birth to age 3. Preschoolers with special needs (ages 3-5) may be served in PFA sites, Head Start programs, child care settings, early childhood special education classrooms, or the home.

---

**Preschool for All (3-4 year olds)**
- Number of sites: 11
- Proposed capacity: 923
- Funded enrollment: 251

**Head Start (3-4 year olds)**

- Number of sites: 14
- Total reported capacity: 585

**Licensed Family Child Care Homes (birth-5)**
- Number of sites: 128
- Total licensed capacity: 1,166
Publicly Funded Preschool in McHenry County

According to population estimates reported on IECAM (2008 census estimates), 22% of 3- and 4-year-old children in McHenry County are living in families at or below 185% FPL (first PFA priority level).

The map (top right) shows the distribution of publicly funded preschool sites in McHenry County (divided into townships). The color ramp (in the legend) indicates the percentage of 3- and 4-year-old children who live in households with an income at or below 185% FPL. Note that those townships in the darker shades of brown reveal a higher percentage of poverty. The map highlights the importance of locating PFA and Head Start sites in areas of highest need.

Child Care in McHenry County

The map (bottom right) shows the distribution of child care settings superimposed on the county (divided into townships). Note that the red squares indicate licensed child care centers, the blue triangles license-exempt child care centers, and the green dots family child care homes. Although child care centers serve children who live above 185% FPL, many children from low-income families are cared for in child care settings all over the county.
