Percent of children served in PFA (FY2011) who are living with both parents in the home

- 35.01% - 50.00% (3)
- 50.01% - 65.00% (39)
- 65.01% - 80.00% (49)
- 80.01% - 95.00% (8)

* Calhoun County: insufficient data.
* Cook and Winnebago Counties: Data are unreliable because too many programs did not appropriately report family structure.
* Other counties: Data may be slightly skewed due to reporting problems.
Percent of children served in PFA (FY2011) who are living in a single parent family.

* Calhoun County: insufficient data.
Cook and Winnebago Counties: Data are unreliable because too many programs did not appropriately report family structure.
Other counties: Data may be slightly skewed due to reporting problems.
Percent of children served in PFA (FY2011) who are living with an adult other than parent (guardian, grandparent, etc.)

* Calhoun County: insufficient data.
Cook and Winnebago Counties: Data are unreliable because too many programs did not appropriately report family structure.
Other counties: Data may be slightly skewed due to reporting problems.
Percent of children served in PFA (FY2011) who are living in other family structure

* Calhoun County: insufficient data.
Cook and Winnebago Counties: Data are unreliable because too many programs did not appropriately report family structure.
Other counties: Data may be slightly skewed due to reporting problems.
